She'll Be Right Love, I'll Do It Next Time OK!

When filling up, that's my usual response to the co-driver's question, "have you checked the tyres lately?" Thanks to the Tyre Guard prize from the Wanderer Magazine and Davis Craig; gone are the days of reversing a large RV through a crowded service station to the back corner only to find the inoperable tyre pressure hose and gauge, a victim of countless hit and runs, lying uncoiled in a pool of greasy water and hissing at me.

Nowadays I simply press the Tyre Guard button on the dash and all is revealed. Pressure, temperature and a warning of slow leaks and blowouts. Wow what a great product, well done Davis Craig. Even she who must be obeyed is happy and that's a good feeling. Thanks again Davis Craig and Wanders Magazine, I am a happy camper. 😊
